

Bonsai Society of Queensland Inc.

The Bonsai Society of Queensland Inc. was constituted in November 1973. The Society's primary role is to enable people interested in the cultivation of Bonsai to meet and exchange views, ideas and in particular to assist the beginner. Members receive an informative monthly newsletter by post or email.

The Society has grown from these humble beginnings to be one of the largest in Australia. The monthly meetings include demonstrations, discussions, advise, slides and talks forming only part of the interesting program designed to stimulate interest in the Art of Bonsai.

The Bonsai Society of Queensland Inc. meets regularly on the 3rd Saturday of each month (except December) at 1:30pm.

Community Hall
